Symbols:

Bonus Symbols and Features:

The Bottle Bonus is activated when indexes

on any active payline of the middle reel with 2 identical symbols on the same payline of reel 1 and 2. The bottles will randomly illuminate and multiply the payout of the two symbols by 2X up to 5X. The payout is listed on the "Bottle Bonus Paytable".

When , , and index on each reel of the same active payline, the Happy Hour Bonus is activated and the Player will select 3 cups by pressing the corresponding buttons.

After selected, the numbered ice cubes in each cup will quickly illuminate and the final 3 numbers will be multiplied together and the total will be multiplied by the amount that was wagered on the payline. (this could also be free spins)

When indexes on the third reel of any active payline, the Jackpot Blender Bonus is activated and the player can control the speed of the mechanical blender while the numbered ice cubes entertainingly mix up, until one appears to be drawn and the illuminated prize above the blender is awarded to the Player in the form of bonus credits.
